Materiale	Acciaio in alluminio a lega [acciaio/alluminio], per le cerniere a molla [Forza di [illegible]]
Forza	Acciaio: Fino [illegible] [illegible] [illegible]: **Fino 5[illegible], 6[illegible], 8[illegible]**
Dimensioni	Adatto a porte [illegible] [illegible] [illegible] [illegible]
Applicazione	Adatto per porte [illegible], [illegible] [illegible] [illegible] [illegible]
Caratteristiche	Antiruggine, [illegible], Componenti modulari, Facile da installare/rimuovere, Antiruggine e [illegible], Componenti [illegible] [illegible], Per [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]
Mercato di riferimento	Nord America, [illegible], [illegible] [illegible] [illegible]
Mercato di riferimento	Sud Africa, [illegible], Canada, Australia, [illegible]
Capacità di produzione	[illegible] **[illegible]** [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]
