PROCESS

Technological process

PRODUCT NAME	**Hot Sale Quality Sample Alloy Casting Iron Parts Gas Gribbin Mechanism**
Capacity	Around 3K pieces/ton, max one mould. **5QT, 8QT, 20PK Alloy.**
MOQ/PCS	1PCS and OEM service, strictly for showing and samples.
Material/Grade	Alloy steel, ductile or compacted, centrifugal cast, grade, GCI range, aluminum components etc. Our alloys(all naturally and agglomerate cast).
Machining Accuracy	**Our factory** all in house.
Surface Treatment	Shot blasting, Sand blasting, Powder coating, Paint, etc.
Secondary Clean	Shot blasting, Sand blasting, Deep wash, pressure washer, Powder coating, Alloy, Aluminum, etc not alloy
Packing	**Alloy Wooden Box, Wooden Box Pallet, Alloy Wooden Box Pallet, Wooden Box Pallet Alloy Wooden Box Pallet**
Delivery	Alloy Wooden Box Pallet, Alloy Wooden Box Pallet
Alloy	**Our OEM service** and **Alloy** is **Very good, special support** for **specialized machine** and **Alloy Wooden Box Pallet**
Inquiry	**Hot Casting Alloy Sample Alloy Casting Alloy Casting Alloy**
