

NAME:	Kundenspezifischer Aluminium-Kühlkörper (H-Form)
WIRD BEARBEITET:	Aluminiumprofile
MATERIAL:	Aluminiumlegierung 6063/6061/6005/6060
MASSE	Nach kundenzeichnung
FERTIG:	Eloxieren, Sandstrahlen, Wärmebehandlung, Polieren, Pulverbeschichten, Galvanisieren, Spritzen, Lackieren, Siebdruck usw.
TOLERANZ:	kann bis zu +/- 0,002 mm erreichen.
QUALITÄTSKONTROLLE:	100% inspiziert.
SPEZIFIKATION:	OEM-Service, ausschließlich per Zeichnung und Muster.
LIEFERZEIT:	10-25days --- Bester verkaufender China fertigte hohe Präzision besonders angefertigte Bearbeitungsteile der CNC-Drehbank zu.
ANWENDUNG:	Aluminium-Druckgussteile, Bergbau-Zubehör, Maschinenzubehör, Autoteile usw.
Hauptkunde:	USA, Kanada, Australien, EU usw.
ZERTIFIZIERUNG	ISO9001, SGS.
ZAHLUNG:	T / T oder Paypal oder andere --- Bester Verkauf China fertigt hohe Präzision besonders angefertigte CNC-Drehbankbearbeitungsteile.

PRODUCT DETAILS

XY-GLOBAL

High Quality.Competitive Price.High Service

WELCOME TO OUR COMPANY

High precision processing technology

High quality surface treatment

OUR ADVANTAGES

XY-GLOBAL
High Quality Competitive Price High Service

WELCOME TO OUR COMPANY

1

Profession

A professional OEM&ODM Die casting & CNC machining manufacturer.

2

Team

A strong and professional engineers team with more than 10 years relative experience.

3

Experience
