

PROCESS	Technology of process
1. Design	3D printing
2. Production	Injection molding
3. Assembly	Automated assembly
4. Packaging	Automated packaging
5. Distribution	Logistics
6. Sales	Online sales
7. After-sales	Customer service
8. Maintenance	Remote monitoring
9. Recycling	Recycling
10. Research	Research
11. Development	Development
12. Innovation	Innovation
