

PROCESS	TECHNOLOGICAL PROCESS
1. Design and development of the product	1. Design and development of the product
2. Production of the product	2. Production of the product
3. Distribution of the product	3. Distribution of the product
4. Maintenance of the product	4. Maintenance of the product
5. Recycling of the product	5. Recycling of the product
6. Disposal of the product	6. Disposal of the product
7. Repair of the product	7. Repair of the product
8. Replacement of the product	8. Replacement of the product
9. Upgrade of the product	9. Upgrade of the product
10. Decommissioning of the product	10. Decommissioning of the product
11. Recycling of the product	11. Recycling of the product
12. Disposal of the product	12. Disposal of the product
