

PROCESS

Technology of process

Process	Technology of process
1. Design	3D printing
2. Manufacturing	Injection molding
3. Assembly	Automated assembly
4. Testing	Automated testing
5. Packaging	Automated packaging
6. Distribution	Automated distribution
7. Maintenance	Automated maintenance
8. Quality control	Automated quality control
9. Safety	Automated safety
10. Environmental	Automated environmental
11. Health	Automated health
12. Security	Automated security
