05 OPTION

Hi Dear Ivy,

How are you doing? I am fine, it is hot summer time here, a few people on vacation now, so a bit crazy time.

Yes, you are right, over one year of cooperation passed... This one year of cooperation was kind of tough, but very important for both sides, I think. We learned a lot from this one year of our work, and this will help us more understand each other needs and potentialities.

Over all, I don't see there any major problem regarding to your team support. I can say that Naky is very reliable and responsible person in her communication with us.

Regarding to your production quality, those few issues which occurred, gave to you better understanding of our needs.

I am sure, that with next more experiences we will even better understand each other, we will both improve our work and we will have deep long-term cooperation.

Best regards
