

PRODUKDESKRIPSI:

NAMA:	Bahagian Mesin Cetakan 3D Custom / Komponen di China
PEMPROSESAN:	Pemesinan CNC.
BAHAN:	Aluminium, keluli tahan karat, tembaga, gangsa, zink, aloi, plastik dan lain-lain.
DIMENSI	Mengikut lukisan pelanggan.
FINISH:	Anodize, Sandblasting, Rawatan haba, penggilap, serbuk salutan, electroplating, penyemburan, lukisan, silkscreen dll
TOLERANCE:	boleh mencapai +/- 0.002mm.
KUALITI KAWALAN:	100% diperiksa.
SPESIFIKASI:	Perkhidmatan OEM, dengan ketat setiap lukisan dan sampel.
MASA PENGHANTARAN:	10-25days --- Best menjual China mengeluarkan kepersisan tinggi CNC lathe machining parts.
PERMOHONAN:	aluminium die casting parts, aksesori perlombongan, jentera aksesori, bahagian auto dan lain-lain
PELANGGAN utama:	Amerika Syarikat, Kanada, Australia, EU, dll.
PERSIJILAN	ISO9001, SGS.
PEMBAYARAN:	T / T atau Paypal atau lain-lain --- Best menjual China mengeluarkan kepersisan tinggi CNC lathe machining parts.

## PRODUCT DETAILS

XY-GLOBAL

High Quality.Competitive Price.High Service

WELCOME TO OUR COMPANY

**High precision processing technology**

**High quality surface treatment**

# OUR ADVANTAGES

XY-GLOBAL

High Quality.Competitive Price.High Service

WELCOME TO OUR COMPANY

1

## Profession

A professional OEM&ODM Die casting & CNC machining manufacturer.

2

## Team

A strong and professional engineers team with more than 10 years relative experience.

3

## Experience

The professional sales team and QC team have 5-10 years experience.

4

## Quality assurance

Strict quality control process and 100% inspection.

5

## Professional inspection

Our strict final QC team will inspect the dimension, appearance and package and send the professional inspection report to you before shipping.

6

## Rich export experience

Rich export experience to Europe, United States, Canada ,Australia etc..

High Quality.Competitive Price.High Service

WELCOME TO OUR COMPANY

If you want to be our customer, pls kindly find the following FAQ from XY-GLOBAL:

**1. Who are your main customer?**

Our major customers are ASUS, FLEXTRONICS CHINA, FLEXTRONICS ISRAEL, FLEXTRONICS PORTUGAL.

**2. What is your main products?**

XY-GLOBAL focus on the production of Die Casting Parts, CNC Machining Parts, CNC Lathe Machining and more. You can see the detailed from <http://www.diecastingpartsupplier.com>

**3. How many people are there in your sales team? How many engineers?**

Currently we have 10 sales and 5 professional engineers to support clients in product area.

**4. What document should the customer send to us for cost caculation ?**

In order to provide our most accurate price, customer need to provide the 2D drawings, 3D drawings, order quantity, surface treatment, delivery time, etc.

**5 How to keep your products quality stable ?**

We keep our products in IQC,IPQC,OQC different processing to control strictly. Meanwhile we have 8D report to analysis the problems.

**6. How to protect our products, molds and information ?**

We will sign the confidential contract with customers to protect all the information. Then in the production processing, the documents which customer sent to us will be under control, then engineer team will transfer customer drawing into our format, and send to production department or related for further action. And the molds are dedicated for each client.
