

Title:[OEM manufacture stamping molds stamping tools stamping moulds](#)

Parameters□

product size□320x90x1.2MM

Mould material□45#

describe: Stamping die, it is in cold stamping processing, the material (metal or non-metallic) processing into parts (or intermediate) is a kind of special process equipment, called cold stamping die (commonly known as the cold punching die). Stamping, it is at room temperature, installed on the pressure of mold to pressure on the material, make its produce a separation or plastic deformation, to obtain the required parts of a pressure processing method

Country of origin:

[Oem mold maker in china, mold maker china](#)

□□

Products	<a href="#">metal part mold,copper metal mold part,aluminum metal sheet mold part</a>
Materials	S136,SKD61,2083,H13,SKD11 etc
Dimensions	According to customer's drawing
Surface treatment	Heat treatment, polishing, anodized, electroplating, spraying, and tufftriding and so on
Packing	Wooden box, or as per the customer's requirements
Processing equipments	Plastic Mold Parts, casting mold part, stamping mold part, drilling machine, horizontal precision mold part, chamfering machine, CNC cutting machine etc.
Measure equipment	Hardness tester, precision plug gauge, gauge block, digital outside micrometer, outside micrometer, digital caliper, inside micrometer, inside dial indicator, dial vernier caliper, dial indicator, depth vernier caliper and so on
MOQ	negotiable
Precision/ Tolerance	+/-0.01mm
Payment	T/T 50% deposit in advance ,50% T/T before shipment ;or others.
Business scope	CNC center machining, cnc machining, cnc drilling, cnc turning, grinding, tapping, mould design and processing, casting, sheet metal working etc
Application	Automation machine, medical device, industrial machine, automobile, electric appliance, and other industries, aluminum die casting parts, auto parts
Ports	ShenZhen China
Delivery	20-25 days after T/T 50% deposit
Main equipments	cnc machine center

1.Name: [Factory Price OEM mold parts](#)

2.Process: custom mold part, cnc machining

3.Material: S136,SKD61,2083,H13,SKD11 etc

4.Surface:Polishing, powder coated, anodized, nickle plating, chromate etc

5.Tolerance: can reach to +/-0.01mm

6.Quality control: 100% inspected

7.Specification: OEM service, strictly per drawing and samples

8. Sample delivery time: 25-30 days, per products.

9. Application: mold parts,mining accessories, machinery accessorial, industrial, auto parts,etc

10. Customer: USA,Canada, Austria, EU etc.

11. Certification: ISO 9001

[Our Advantage](#)

1. 10 years experience with ISO certified

2. All kinds of material is available

3. All kinds of sureface finishment is available
4. High quality with competitive price
5. Fast delivery time
6. Sample available
7. Have export experience to all over the world
<b>Our Services</b>
Aluminum die casting parts sample: Can supply for test
Stamping parts packing: Standard packing
Injection parts certification: ISO9001
Casting parts quality: Strictly quality control
Spining parts OEM is welcomed
